

ling Case 2007-00134,

I do not believe that Kentucky American Water's proposed
e from Pool 3 on the Kentucky River to Newtown Pike in Fayette
is the least cost solution to the water needs of Central Kentucky.
more, I do not believe that a private for-profit company should
financially from the destruction of my property or my neighbor's
y.

The citizens of Central Kentucky deserve a long-term solution to
ater needs. Utilization of a larger water body, such as the Ohio
piped along existing utility corridors makes the most sense
ically, environmentally, and aesthetically.

nal comments: The K, American plan makes no sense and is too expensive
ist the portion to the Kentucky River (much less extending to the Ohio which will
done eventually). Kentuckians are paying for it - they should end up with ownership
Shauna Dunham rather than some foreign owned
s: 10 Adele Place corporation. Go with the
Frankfort, Ky 40601 Louisville plan instead.
